# ROCK™ SOLID

### **BUILT SOLID. FOR THE SOLID.**

Safety and comfort are paramount for today's workers. Avenger safety footwear is designed with this in mind, crafting each element of the shoe to endure any job site condition and possible impact. With a focus on both comfort and safety, Avenger shoes are a wise choice for the modern worker.

When you're working on tough job sites, you need a shoe that can keep up. Avenger safety footwear is designed to withstand the harshest conditions, so you can focus on the task at hand. With a solid construction and tough materials, these shoes will protect your feet from sharp objects and rough surfaces. Whether you're working outdoors or indoors, you can rest assured that your feet are safe in Avenger shoes.

**Solid Features. Solid Comfort. Solid Footwear.**

# RIPSAW

When you need a boot that can handle the toughest jobs, you need a Ripsaw. These boots are built for heavy-duty use, with a sturdy construction that takes safety to the next level. The Ripsaw collection is made with premium full-grain leather and features electrical hazard safe waterproof breathable membrane construction, making it ideal for any work environment. With styles ranging from 6" to 8", Wellington, and Romeo, there's a Ripsaw boot that will fit your needs.

ICE AND SNOW TRACTION AID

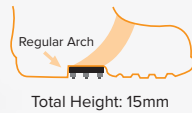

# TRACTION

SureWrx® delivers the most comprehensive range of ice and snow traction aid products in North America, including the original and industry leading K1 Series® midsole ice cleat and the Due North® brand of full foot and heel style solutions. No matter the application, work environment, or type of footwear, we have the depth and breadth necessary to help reduce the risk of slips and falls whether you are at work or play.

### K1 MID-SOLE ORIGINAL PROFILE

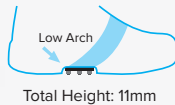

The original and most popular mid-sole ice cleat (K1MID). Featuring a hi-viz orange strap and durable tungsten carbide studs, the K1MID is most often used with a traditional, defined-heel work boot.

STYLE	HI VIZ	BLACK STRAP	INTRINSIC
Product No.	V9770150	V9770470	V8770160
Model No.	K1MID	K1MID-BLK	K1MID-INT

### K1 MID-SOLE LOW PROFILE

The low-profile model is designed for footwear with a shallow arch in the sole of the foot, often found in hiker-style or tactical boots. The low profile model has a narrower rubber platform and shorter studs, providing the necessary traction, fit, and comfort.

STYLE	HI VIZ	BLACK STRAP	INTRINSIC
Product No.	V9770250	V9770570	V8770260
Model No.	K1MID-LP	K1MID-LP-BLK	K1MID-INT-LP

### K1 MID-SOLE HIGH PROFILE

The high-profile model is a specialty product designed for safety boots with extra deep treads and an aggressive heel, such as lineman's or logger boots used in forestry, power and utilities, oil and gas, the pipeline industry, and other deepfreeze environments.
