MERRELL

OUR BRAND PURPOSE

**Sharing the simple
power of being outside
with everyone.**

OPEN MORE OUTDOORS

We believe in the power of the outdoors and know that time outside leads to healthier, happier lives. We are also aware of inequities to public green space access among poor and diverse communities, on a global level. Over the next 3-5 years, we are committed to bringing awareness and change to these issues. Through education and regional partnerships, like that of the NRPA in the U.S., we will work to create equitable green space for all.

SUSTAINABILITY

Merrell is committed to preserving the outdoors for today and future generations. By adopting an eco-conscious culture, we will deliver products that minimize negative environmental impact, be aware of how our individual actions influence natural spaces, and collaborate with our partners to protect our home.

BIG BROTHERS BIG SISTERS

Big Brothers Big Sisters and Merrell have joined forces in a multi-year partnership that will harness the power of being outside and make it more accessible to more youth. As a premier outdoor industry partner, Merrell works with the national one-to-one mentoring organizations to create life-changing connections for young people in the United States and Canada.

SUSTAINABILITY GOALS

By 2025...

100% of our products will contain organic, recycled, or renewable materials.

Reduce shoe and apparel samples by 50%.

Reduce plastic packaging.

Reduce water waste by 40MM gallons.

Complete 10,000 volunteer hours.

100% of our apparel will be responsibly sourced.

MERRELL

MERRELL

RESELL + RECYCLE

Available in the U.S., EMEA, and the UK, Merrell ReTread is the first of its kind in the takeback economy in the footwear industry. Merrell ReTread is a resell and recycle program that offers consumers the opportunity to give back their pre-loved footwear. After items are received, they are restored and resold at a discount on the Merrell ReTread website. If a pair of shoes are no longer suitable for the trail, they are placed in the proper recycling stream.

Making strides toward our goal of keeping 300,000 pairs of shoes out of landfills in 2025, we have already collected over 10,000 pairs of shoes through Merrell ReTread.

Learn more by visiting retread.merrell.com
