# ORIGINAL FOOTWEAR CO.

A Pioneer and Global Leader in Tactical Footwear Manufacturing & Distribution since 1999.

Original Footwear Co. is a Morristown, Tennessee based company that manufactures performance innovative tactical footwear, proudly serving Law Enforcement, Military, First Responders, Professional Security and Civilian markets.

We provide superior quality, flexibility, and turn-around time in footwear manufacturing and distribution. Our expertise spans all aspects of research, product development, manufacturing, marketing, and distribution. Including private label, brick and mortar, e-commerce, and government sales.

The Original Footwear portfolio of globally-recognized brands is growing continuously:

**Original S.W.A.T.® | Altama®  
Smith & Wesson Footwear® | Capps®**

With facilities in:

Morristown, Tennessee, USA - Distribution  
Big Rapids, Michigan, USA - Manufacturing  
Gretna, Virginia, USA - Manufacturing  
Arecibo, Puerto Rico, USA - Manufacturing

We cater to a broad cross-section tactical market with a full range of products & price points. Our partners and customers include premium Law Enforcement, Military, and Security Agencies Nation-Wide, and Internationally.

The Original Footwear Co. Mission Statement:

**TO PROUDLY CRAFT INNOVATIVE SOLUTIONS THAT  
KEEP THE ELITE ADVANCING.**

# TABLE OF CONTENTS

**Altama® has created tactical boots for every American conflict and every environment since 1969.**

In 2017, Altama became the leading manufacturer for the U.S. Department of Defense. That is an honor backed by a history of commitment to excellence, continued improvement through research, technology development, and trustworthy service.

The men and women that build Altama boots take pride in that foundation of excellence, and look forward to the future, knowing that they will continue to provide the best boots available.

Boots that can be trusted to take you

**THERE AND BACK**

SAY HELLO TO THE  
**TALON**

LAUNCHING THIS YEAR AFTER TONS OF RESEARCH AND REQUESTS, THE TALON WILL KICK OFF WITH THREE UNBEATABLE VARIATIONS: HOT WEATHER, STEEL TOE, AND STEEL TOE INSULATED WATERPROOF.

# TALON

STEEL TOE INSULATED WATERPROOF | COYOTE | 607703

AR 670-1

38oz (1077g)

- HEIGHT:** 10"
- UPPER:** Perforated cowhide leather and 1000D Cordura® fabric upper with nylon webbing
- MIDSOLE:** PU inserted midsole
- OUTSOLE:** Vibram® cupsole outsole provides maximum traction on varied terrain
- FEATURES:** Gore-Tex® Omaha waterproof membrane construction
- 400 gram Thinsulate™ combines with Gore-Tex® Thermium insulation lining over toes for a total of 600 grams total of insulation
- ASTM F2413-18 compliant steel safety toe
- ASTM F2413-18 compliant for resistance to electric shock
- Made in the U.S.A. | Berry Amendment Compliant | AR 670-1 Compliant
- SIZES:** **MEN'S US SIZES**  
Regular 4-12, 13, 14 | Wide 4-12, 13, 14

## WHAT IS GORE-TEX® THERMIUM™?

**GORE-TEX® THERMIUM™** insulation adds enduring warmth to footwear without compromising on agility, waterproofing, breathability, or style. When placed strategically in cold weather gear, low-bulk, ultra-thin and non-compressible THERMIUM™ insulation is engineered to provide optimal thermal comfort over an extended range of temperatures. Adding warmth to footwear or gloves has typically added bulk - reducing agility and dexterity.

G O R E - T E X® T H E R M I U M™ technology allows for more warmth without sacrificing the vital abilities professionals need to get the job done well.

*\*Thermium is available on the Talon Steel Toe Insulated Waterproof and the Apex SBM.*

31.75oz (900g)

**HEIGHT:** 10"

**UPPER:** Polishable water resistant full-grain leather with 1000D Cordura® upper

**INSOLE:** Removeable, cushioned polyurethane insole

**OUTSOLE:** Direct Molded Sole (DMS) construction fuses the upper materials directly to the outsole for lifelong durability

Vulcanized rubber outsole in the Ro-Search® Lug tread pattern provides traction over rocks and uneven surfaces, meets ASTM F2913-19 test for slip resistance

**FEATURES:** LENZI® non-metallic L-Protection® anti-penetration board keeps your feet safe from puncture dangers with pretreated ceramic and high tenacity fibers

Rigid fiberglass shank shields feet from outside forces and provides resilience on hard surfaces without conducting heat or cold

In-step drainage vents keep water and moisture out of the boot to keep feet dry

Gusseted tongue | Brass speed lacing hooks | Padded collar

**SIZES:** **MEN'S US SIZES**  
Regular 4-12, 13, 14 | Wide 4-12, 13, 14

TACTICAL  
PERFORMANCE  
MATTERS

## **THE FIRST ORIGINAL S.W.A.T. BOOT WAS DESIGNED IN 1999.**

The goal was to make footwear that was specifically designed for elite S.W.A.T. teams. The challenge facing the industry was how to make a boot that could meet the demands of the different environments that law officers face - while being comfortable enough to support a double shift. The answer was to re-evaluate the way that boots had been made for 60 years - no more "make your foot fit the boot." But now Original S.W.A.T. was making boots that fit your feet. The revolution was in using lasts that were influenced by an athletic structure; to fit the foot in the right places while offering the support of a boot, thus forming our famous

## INSOLE FEATURES

- Top layer recovery foam conforms to the foot
- Core layer density formulated for high rebound absorbs harmful impact from running and quick movements, while maintaining support
- Contoured support in the heel and arch
- Machine washable
- Lightweight, open-cell foam technology reduces fatigue, unlike dense gel inserts
- Antimicrobial protection in a patented salt-based formula that permeates the entire product
